WILL FURNISH COAL

DEALERS PROMISE TO TAKE CARE OF ALL COAL ORDERS.

MAYOR WILL KEEP OUT

Agree With City Executive to Sell At Reasonable Profit If He Will Stay Out of the Business.

The outlook for Maryville getting a normal supply of coal is brighter today, following a conference this morning between Chas. Alexander, of the firm of Glover & Alexander, representing the coal dealers and Mayor A. S. Robey. The dealers have agreed to take care of and fill all orders for coal if Mr. Robey will not undertake to handle it again.

Said Mr. Alexander this morning, "We have slowed up in our orders this winter for the reason that we could not afford to go up against an outsider who was selling at cost. We did not want to tie our money up in a lot of coal with prices and conditions as they were and take chances on having it left on our hands through an outsider selling it without profit. Mr. Robey has told me that he will not undertake to sell any more coal in competition with the dealers here and we will fill orders just as fast as we can. We can get the coal, our firm has some on the track today and I learn that the other dealers have coal in transit. We appreciate the patronage we have had and want things to be right. We do not want an excessive profit and will do our best to see that every family in Maryville has enough coal to do them."

Mayor Robey said that Mr. Alexander had come to him as a representative of the local dealers and proposed that he (Robey) keep out of the coal business. Mr. Alexander, he said, told him the dealers were able to take care of the coal situation in the city if they were given assurance that he would not sell coal and would sell to all who came for it at a reasonable profit. Mr. Alexander, he said, offered to place the profit that his firm would ask at 50 cents on the ton.

Mr. Robey said that he had given assurance that so long as the dealers kept plenty of coal in the yards to supply all reasonable wants, that he would make no effort to sell coal. He said that he had several carloads already bought and paid for and expected it shortly, but that if the dealers would do as they had indicated to him they would do, that he would turn the coal over to them instead of trying to sell it himself.

Both the mayor and Mr. Alexander say that a definite mutual agreement has been made and that the dealers will take care of all orders for coal that are received and that they will have coal on the tracks in sufficient quantities to supply the demand without delay, or at least, with no more delay that present conditions of railroad traffic and labor disturbances are responsible for.

WILSON EXEMPTS ANOTHER

William Patrick Cummins, of Burlington Junction Will Be Returned From Camp Funston.

William Patrick Cummins, a young farmer living near Burlington Junction, has been rejected by President Wilson, according to word received by the local board today from the district board. Cummings is now at Camp Funston with the Nodaway county boys, having left here September 19.

Cummings took an appeal to the President from the district board. His claims were on account of agricultural reasons. Cummings is expected home in a few days.

Eight Dead in Air Raid.

Special to The Democrat-Forum.

London, Nov. 1.—Eight are dead and twenty-one were injured in an air raid that took place over London this morning.

TO DAKOTA FOR PRISONER

Sheriff Dowden Locates Wesley Ashbrook, Charged With Selling A Mortgaged Automobile.

Sheriff John F. Dowden left this morning for Huron, S. Dak., where he went to take charge of Wesley Ashbrook, being held on a charge of selling mortgaged property. Ashbrook, who lives at Clearmont ,is alleged to have sold an automobile which had been mortgaged and to have left with the money. He was located by the authorities in South Dakota and will be brought back to face the charge.

Sheriff Dowden had just returned from Clarinda, Ia., when the call came to go to Huron, having taken a demented man, found here, back to the Iowa town. The man, whose name was not learned, had been about the Wabash depot for two days and had been without food. He was brought to a restaurant by persons who had seen him, and later turned over to the sheriff, who returned him to Clarinda.

UNDER LICENSE NOW

100,000 FOOD DEALERS UNDER THE WAR RESTRICTIONS.

MR. HOOVER IS ABSOLUTE

Expects Material Reduction in Prices Due to Elimination of Waste And Excessive Profits.

Special to The Democrat-Forum.

Washington, Nov. 1.—Herbert M. Hoover this morning became the food boss of the nation with absolute control of twenty basic food products. Under the licensing system now in force, and which affects hundreds of thousands of concerns, practically all middlemen and retailers doing more than $100,000 worth of business yearly, can only operate under license. Mr. Hoover says that he expects a very material reduction in prices within a short time, largely due to the elimination of waste and excessive profits.

Nearly fifty thousand application blanks already have been called for by dealers, and requests now are pouring in at the rate of four thousand a day.

Small Dealers Exempt.

Small retail dealers will not be licensed, but they are subject to the provision of the Food Law itself, which forbids speculation, hoarding and excessive profits. They also will be controlled through the licensing regulations controlling wholesalers, who will be required to cut off the supplies of dealers of any size and in any branch of the trade, who exact exhorbitant profits on the necessities of life.

The licensed foods include beef, pork, and mutton; fish, poultry and eggs; milk, butter, cheese, flour, sugar, cereals, lard, beans, peas, fruits, vegetables, several lines of canned products.

The purposes of licensing are stated as follows:

1. To limit the prices charged by every licensee to a reasonable amount over expenses and forbid the acquition of speculative profits from a rising market.

2. To keep all food commodities moving in as direct a line and with as little delay as practicable to the consumer.

3. To limit as far as practicable contracts for future delivery and dealing in future contracts.

American Transport Hit.

Special to The Democrat-Forum.

Washington, Nov. 1.—The American transport Finland was torpedoed by a German submarine while returning after taking troops to France, Secretary Daniels announced today, following meagre advices from Admiral Sims, who said the transport was slightly damaged and was able to make port under her own steam.

WORKERS ARE BUSY

FOOD DRIVE STARTS IN MANY PARTS OF THE COUNTY.

EXPECT 25,000 SIGNERS

County Director F. P. Robinson Finds There Is Active Co-operation In Pushing the Campaign.

With nearly 100 workers already having started in the big drive in Nodaway county for the Hoover food and conservation pledges it is hoped to bring the number of signers over the 25,000 mark. In the country districts the campaign is well under way.

The first township chairman to report this morning was George Rimel, of Washington township, who has the following assistants at work securing pledges:

Guilford School district — M. C. Noland and A. B. Davis.
Whiteford—M. L. Griggs.
Lafayette—F. L. Clayton.
Lincoln—A. G. Bledsoe.
Pleasant View—Chas. Wilson.
White Oak—John Neilson.
Washington—French Sherry.
McCann—Wm. Merrigan.

Mr. Rimel says that a very large percentage of the residents of these districts will be signers and all express the determination to co-operate in the conservation of food in every way they can.

In the Hopkins district W. L. Moorhead has named the following school districts chairmen: James George, Tine Miller, Mart Young, Geo. Cassel, Henry Russell, Robert Houston and Jack Campbell.

County Chairman F. P. Robinson has named chairmen in the following districts:

Bloomfield—J. H. Hanna.
Wilcox—C. C. Hainline.
Rockford—Will Wells.

Mr. Robinson says that he is much pleased with the manner in which the appointments to serve have been received and that all of the district chairmen have taken the matter seriously and are doing good work.

Get Price Or Milk Goes To Hogs.

Special to The Democrat-Forum.

Chicago, Nov. 1.—Farmers and milk dealers are beginning the fight against $3 per hundred price for milk. Three hundred farmers have declared they will ask $3.71, and in the event they do not receive it they will feed the milk to the hogs.

Railway Employees Confer.

Special to The Democrat-Forum.

Chicago, Nov. 1.—A conference of railway employees opened this morning at which demands for from twenty-five to fifty per cent increase in wages will be asked. W. G. Lee, head of the trainmen and A. B. Garrettson, of the conductors are here.

WILL EXAMINE 150

DRAFT BOARD ISSUES CALL FOR MEN FOR FINAL QUOTA.

CALL TO REPORT NOV. 7-8

If Proportion Selected From Former Calls Hold Good, 100 Will Not Suffice For Last Quota.

One hundred and fifty more men will be called to make up the final quota for Nodaway county for the national army. The local draft board is sending notices today to one hundred men and expect to add another fifty to the list given herewith. As stated in yesterday's Democrat-Forum, the large number of exemptions granted by the district board has made another call necessary.

At first it was thought one hundred would suffice to secure the number of men needed, but figuring the ratio of men secured in former calls, it was found that it would take 150 names to get the number needed. The proportion of men selected in previous calls was twenty in each one hundred, it having taken 800 names to furnish 200 men.

The first fifty names given are called to appear for examination on Wednesday, November 7, the second fifty on Thursday, November 8.

These are called to appear on November 7:

Carl M. Reed, Quitman.
Roy Alexander Raines, Burlington Junction.
Merrel Afton Hager, Barnard.
Harold F. James, Maryville.
Harry Clay Lewis, Maryville.
Emmett Bertram Crawford, Graham.
Charles Edward Kane, Maryville.
Robert Conklin, Maryville.
Philip Ernest Snider, Burlington Junction.
Harry Boyer, Burlington Junction.
Earl Christopher Finnell, Clearmont.
John E. Best, Maryville.
Roy Martin McMullen, Pickering.
Harry Nicholas, Burlington Junction.
Carl Cleo Griffey, Clearmont.
Douglas Franklin Griffith, Braddyville, Ia.
Lester R. Kariker, Parnell.
LeRoy Hinton, Pickering.
Albert Gillespie, Clearmont.
Lee R. Wharton, Guilford.
Byron Myro Hanna, Maryville.
Sidney Walter Waldorff, Clearmont.
Fred Learn Holsclaw, Clearmont.
Roy Masters, Maryville.
John Elmer Gray, Hopkins.
Harry Bruttreen Gilpes, Maryville.
Fred Neuffer, Skidmore.
Charles Henry Parker, Sheridan.
Walter Carl Kidney, Burlington Junction.
Arma J. Moberly, Maryville.
Timothy Grant Butts, Hopkins.
Harlan Andrew Hunter, Maryville.
James Reese, Skidmore.
Elmer Ware Johnston, Quitman.
Carl William Thornton, Graham.
Harley Henry Reed, Ravenwood.
Joseph Charles Lee, Maryville.
Joseph Ray Adams, Wilcox.
Harland Robert Perry, Elmo.
Loy J. Blanchard, Hopkins.
Marion Francis Gilbert, Barnard.
Glen Robert Pursell, Elmo.
George W. Myers, Quitman.
Chester Arthur Obanion, Ravenwood.
Earl M. Anderson, Hopkins.

(Continued on page 4.)

What Food Saving Involves

Sign the pledge and enroll as a member of the United States Food Administration, and you will be asked to do these things:

Eat plenty, but wisely, and without waste.

Buy less; cook no more than necessary; serve smaller portions.

Preach and practice the "gospel of the clean plate."

Use local and seasonable supplies; watch out for waste.

Whenever possible use poultry, game and sea foods in place of beef, mutton and pork.

Use potatoes and other vegetables freely.

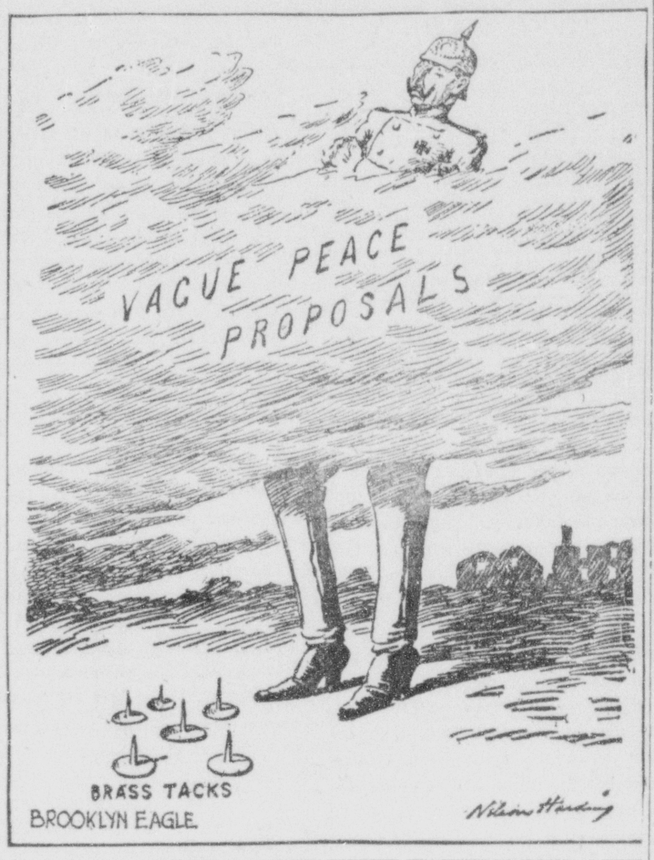
Save wheat by substituting, in part, corn meal and other cereal flours for wheat flour.

Save butter and lard. Use butter on the table, but substitute vegetable oils for cooking.

Save sugar. Use less candy and sweet drinks and less sugar in tea and coffee.

"This is a duty of necessity, humanity and honor. As a free people we have elected to discharge this duty, not under autocratic decree, but without other restraint than the guidance of individual conscience."—Herbert Hoover.

GET DOWN TO THEM



D. A. R'S WAR BAZAAR

MARYVILLE CHAPTER WILL AID IN THE RELIEF WORK.

FUNDS FOR AMBULANCE

Affair Will Be Held Saturday Afternoon From 3 to 5 O'clock At the C. C. Corwin Home.

There are no slackers among the women of Maryville. They are doing their "bit" both individually and collectively and the annual parlor bazaar announced for Saturday afternoon from three to five o'clock at the Corwin home on South Main street, is but one of the many events planned for the winter season.

Plans and arrangements for the bazaar to be held at the home of Mrs. C. C. Corwin with Mrs. Corwin, and daughter, Miss Mae, Mrs. Joseph Jackson and Mrs. J. A. Ford as hostesses have been completed. Everything will be in readiness promptly at 3 o'clock.

The house will be elaborately decorated with flags, red, white and blue bunting, and numerous foliage plants, while at the various tables will be articles suitable for Christmas gifts, or for present comfort, daintiest eatables for the Sunday dinner, and beautiful flowers for your friends.

Of all the many articles to choose from, not one will sell for more than one dollar, and many may be purchased for the small sum of fifteen cents. It is here that real bargains may be found, and among the beautiful things to select from will be many pieces worth more than a dollar.

A fancy work table in charge of Mrs. D. J. Thomas and Mrs. Edward Wright Gray, will be full of gifts for both old and young, including pretty aprons, daintiest negligee, and linens.

At the cake table Misses Katherine and Orril Helwig and Miss Ella Moore will preside. Here will be found cakes from the purest white to the most fragrant and spicy dark cake.

Another table of interest will be the table of eatables where dressed chickens, pies, fruits and various other good things will be for sale. Miss Ethel Embree, Mrs. Brint Embree and Mrs. Wellington Dusenberry will be in charge here.

The novelty table, which will be in charge of Mrs. Fred Harvey and Miss Mabel Martin, will contain articles pleasing to both the grown-up and the tiny child.

The table gay with autumn flowers will be in charge of Mrs. S. A. Coile and Mrs. S. E. Davis. Mrs. Bruce Montgomery will act as cashier and will be assisted by Miss Mary Q. Evans.

Tea and wafers will be served throughout the receiving hours. Mrs. E. G. Orear and Miss Beulah Brunner will preside at the table. They will be assisted by Misses Elizabeth Leet, Ruth Montgomery, Olive DeLuce, Mae

(Continued on page 4.)

THE TEACHERS HERE

WILL BE WELCOMED TONIGHT AT RECEPTION AT NORMAL.

MORE COMING TONIGHT

H. B. Wilson, Kansas State Supt. Addressed Meeting This Afternoon—Committees are Named.

Nearly 400 visiting teachers has registered before noon today at the Normal for the three days' meeting of the Northwest Teachers association. Morning and noon trains brought another hundred, with the largest number expected on the late afternoon and evening trains. The morning was spent in registration, an inspection of the exhibits in the domestic science and corn show classes which are on display in rooms on the lower floor of the Normal building. The High school and ward schools also entertained large numbers of the teachers during the morning hours.

The business sessions of the association began this afternoon with an invocation by Rev. T. A. Wiles of the Baptist church, after which Rev. Gilbert S. Cox and the Normal school chorus furnished vocal selections.

The address of H. B. Wilson of Topeka, Kan., state superintendent was heard by most of the teachers in attendance.

The rest of the afternoon was spent in committee meetings, when officers for next year will be nominated and other routine matters attended to.

This evening there will be a public reception in the library at the Normal for the visiting teachers, following an address by President Cameron Harmon, of Missouri Wesleyan College at Cameron, Mo. Music at tonight's sessions will be furnished by the first term public school music class of the Normal.

The program for Friday's sessions is as follows:

Morning.

Friday Morning, November 2.

9:00—Sectional meetings for high school teachers, elementary graded schools, and rural schools.

Afternoon.

1:30—Vocal solo: (a)—Goodbye, Summer," Lynes. (b)—"In An Old-fashioned Town," Squires.—Mrs. F. P. Robinson.

1:45—Address: Supt. I. I. Cammack, Kansas City, Mo.

(Continued on page 8.)

ARE EAGER TO FIGHT

ITALIANS HAVE REACHED A NEW LINE OF DEFENSE.

FACE A DOUBLE MENACE

German and Austrian Forces Are Using Every Effort To Cut Off Retreat—May Make Another Stand.

Special to The Democrat-Forum.

London, Nov. 1.—General Cadorna is facing a double menace in the retreat. Von Mackensen's forces are striking at two places and Von Kropatkin's Austrian army is hammering at Gemona, twenty-five miles north of Udine, and Von Buelow is rushing southeastward from Udine to cut off the retreat from reaching the cars.

Virtually one thousand square miles of Italian territory have been overrun by the German and Austro-Hungarian armies in their eight days' drive from the Isonzo and Carnic Alps front of the Austro-Italian war theatre.

From the east the enemy invasion on the center of the battle front now is well within gun range of the Tagliamento river, where it has been presumed that General Cadorna would turn and make a stand. The Italian commander-in-chief, however, has not yet brought his troops about to face the enemy, but is continuing his retreat with the rear guards harrassing the advance. Just where Cadorna purposes to give battle has not become apparent. Neither is it known how well the northern and southern flanks of his army are keeping pace with the retirement in the center.

Reuter's correspondent at Italian army headquarters says

"Perfect order pervails among the Italian troops on their new line of defense. They are eager again to offer combat to the enemy and are confident of their ability to turn the tables upon the Austro-Germans.

"All the British troops on the Italian front were able to withdraw from the Italian main body, a majority of them in safety.

"Only six of seventy British Red Cross ambulances were taken by the enemy, but eight were abandoned in a disabled condition. Two units and also twelve nurses of the second and third units as well as twelve nurses of the first unit have not yet reached the concentration post, but it is believed they have been delayed owing to the difficulty of transit."

NO PROFIT IS INTENDED

Those Who Entertain Delegates to State Convention Urged to Make Price At A Minimum.

A meeting of the committee in charge of rooms for delegates to the State Sunday School convention to be held here the last of the month was called to meet at the Rest rooms in the court house this afternoon to consider the charge to be made for accommodations.

The price originally agreed upon was seventy-five cents for room and breakfast. It is learned that some would have the price advanced. It is not the intention that those who furnish accommodation will make a profit from the delegates, but will make only such charge as will cover the expense. State Secretary Bowmar advises that the charge of seventy-five cents for room and breakfast be adhered to.

Suits Filed in Circuit Court.

A partition suit was filed today by John W. Moss, Edward Russell, et al., against Aretta A. York Auffield, Margaret Peel Kirkpatrick, et al.

A suit for ejectment was filed by Patrick L. Growney against Belle Nusbaum.

THE WEATHER

Fair and continued cold tonight; lowest temperature 28 to 30. Friday fair and warmer.

L. O. O. M. No. 899

All members of the local Moose lodge are requested to be present at the hall in the Ryan Building, FRIDAY, NOVEMBER 2, at 9:00 p. m.

Members of St. Joseph lodge will be present.

GERMANY'S LATEST COUP.

(By W. C. V.)

The German success during the past few days on the Italian front has furnished a distinct shock to many who have been predicting an early end to the war. It is lamentable but, to those who have been watching the trend of events closely, it is not surprising. Italy's weakness lay not in man power nor in lack of financial strength, but in the essential things which a nation must have in this war. They needed coal, they needed copper, and they needed steel and they have been pleading for these things for many months. They have been short of big field guns and shells but they have fought patiently as they could with the supplies they had and have made good headway against the Austrians, but no force can stand against the German troops and German guns without a match for them.

The Germans, because of this superior equipment, slaughtered the British and ran over the French in the early part of the war just as they overran Serbia, Roumania and Montenegro later on and as they finally threw back Italy. England and France now have better guns than the Germans and the results are well known on the western front.

It is too bad that Italy has lost practically all they have gained from the Austrians in the last year, but the collapse of Russia furnished the opportunity for Germany to strike, and Germany is not overlooking any opportunities. Ten days ago forty divisions, about six hundred thouhand men, were moved from the Russian front for this drive on Italy. If help had reached Italy at once perhaps there would be a different story to record, but what is done is done. Whether our Allies thought the Italian army could stop the German reinforcements or whether it was impossible to send them help at once we do not know.

It is of no use to minimize the importance of the Italian reverses nor to be depressed by them. The only thing now is to meet the issue as promptly as possible and go after the enemy harder than ever. Germany overran Belgium, France, Serbia and Roumania and still did not win the war. With all their successes, their enemies multiplied and Germany never will win because the civilized world does not regard their cause a just one. The day of reckoning may be delayed and our privations prolonged, but the finish will be just the same. There can be only one end. Germany fears the appearance of American troops because he knows the power behind them and this may be Germany's last trump. We shall see.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

The prompt and positive action of this simple, inexpensive home-made remedy in quickly healing the inflamed or swollen membranes of the throat, chest or bronchial tubes and breaking up tight coughs, has caused it to be used in more homes than any other cough remedy. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex (60 cents worth), into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. You then have a full pint—a family supply—of a much better cough syrup than you could buy ready-made for $2.50. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is known the world over for its promptness, ease and certainty in overcoming stubborn coughs and chest colds.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

To Appeal to Patriotism.

There are three ways of saving food on a nation-wide scale. We can let the price go up, we can appeal for voluntary saving, or we can adopt a compulsory card rationing system like that of Germany. It we adopt the first method, says the Kansas City Star, we permit prices to rise to a point where they automatically curtail consumption. If the 15-cent loaf of bread were to cost twenty-five cents, the use of bread would automatically be curtailed.

In America we always have depended on this automatic action of the law of supply and demand.

Now we are trying the second way—an appeal to people on the grounds of patriotism voluntarily to curtail consumption. We are asking them to eat corn bread instead of wheat bread, not because corn bread is more economical, but in order to leave more wheat for export. We are making the same sort of an appeal on meats and sugar and fat. We are trying to keep the prices down to reasonable proportions, trusting to patriotism to make people heed the appeal.

If this method fails we shall have to try one of the others. For food must be saved.

MISSOURI BRIEFS.

Springfield. —Petitions will be circulated here soon for a parole for Walter Dipley, convicted slayer of Stanley Ketchell, world's middleweight champion.

Charleston.—Sheriff John Chapman has received a gift of a 300-acre farm from Simon Durand for kindly treatment of himself and family.

Mansfield. — Fatally burned in a farm house which was set ablaze by a bonfire made by children, Mrs. John Rotherford is dead here.

Marshall.—J. W. Patterson, 81, well known newspaper man, and his wife this week celebrated their sixtieth wedding anniversary.

Charleston. — Officers of the Illinois-Missouri-Kentucky Poultry and Pet Stock Association have started plans for their first poultry show at Cairo, Ill., the last week in November.

Charleston.—Mississippi county farmers are delivering at the record price of $1.47 per bushel, the largest corn crop in the history of the county.

Fulton.—Churches have started a $100,000 campaign as part of the $500,000 movement for buildings and endowment at Westminster college.

Springfield. — Petitions have been circulated for a special election to recall Mayor J. J. Gideon, Commissioner of Public Utilities, and W. H. Swinney and Commissioner of Health Dr. F. James. They are charged with blocking public improvement measures or fostering obnoxious measures.

An Apt Comparison.

"The farmer who lets his machinery rust and rot, and be scattered about all over the place, is no better that the soldier who lets his rifle barrel get choked with mud and has lost his bayonet," is an apt statement in an Oklahoma Farmer editorial urging farmers to put their implements in good repair at once and keep them so until used again. "Farmers are soldiers of the soil now," he continues, "and they can not afford to neglect their equipment any more than the soldiers of the trenches can."

Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. A little zemo, obtained at any drug store for 35c, or $1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

The E. W. Rose Co., Cleveland, O.

THE MARYVILLE BOYS.

(Mrs. George L. Reynolds).

There's a dear old spot in Maryville,
That's where I'd like to be.
But while this old war is raging,
This is the place for me.

They said, "young man we need you,
We like the looks of you—
Now sign your name three times—
The doctor said you'll do."

They sent us down to Funston,
To get in fighting trim,
And when we meet the Kaiser,
We'll put one over him.

We soon may go to England,
Or France to get more training,
We might not mind that very much,
But it's nearly always raining.

We'll soon be going to the front,
To meet old Hans and Fritz,
And as it's very cold down there,
Please send some socks and mits.

Don't worry when we're at the front,
We'll stop the German's noise,
If anybody on earth can do it—
It's Nodaway county's boys.

Now, I must leave off writing,
For dinner is called you know,
I am with a lot of hungry boys,
So it won't pay to go slow.

So good bye, dear old Nodaway,
You're all trying to do your bit,
So when you send the Christmas box,
Don't forget the socks and mits.

Graham M. E. Church Notes.

Services Sunday, November 4, as follows:

Graham—Sunday will be our rally day. All day service, with dinner at the church. Let every one make a special effort to be present at the Sunday school at 10 a. m. Services at 11 a. m., and at 2:30 p. m.

A special program will be rendered during the day.

Be sure and come and bring some one with you.

Mt. Zion—Sunday school at 10 a. m.

Rockford—Sunday school at 10 a. m., and preaching at 7:30 p. m.

Swan Chapel—Sunday school at 10 a. m.

—Rev. E. W. Croy, pastor.

JAMES TODD, Postmaster.

Keep On Knitting.

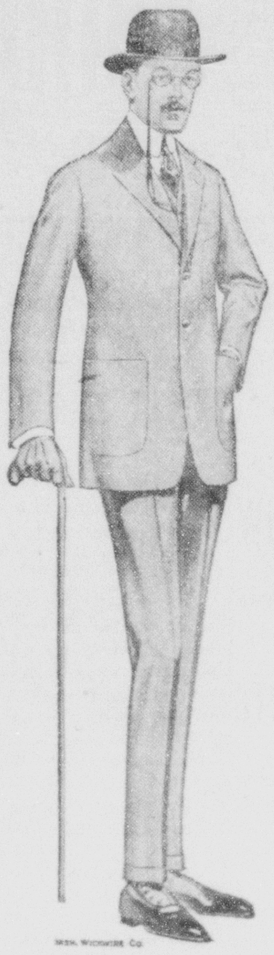
One message goes out to the women of this country with ever-increasing emphasis in this time of war. It is the cry: "Keep on knitting," and it comes from the American boys already in the trenches and from the men in training camps who are awaiting their turns to be called to duty.

The plea comes to all American womanhood, from the grandmother who sits in her corner dreaming of other days and other soldiers, down to the little school girl who fashions with painstaking care her first scarf. The call tells of the bitter cold of the winter in the trenches, of frozen fingers and ears and feet, of chilblains and chafed skin. It tells, too, of men who confidently await the comforts which American women will send.

Even if the soldiers who are to bear all these things were not Americans, humanity would still bid our women answer the cries of need.

So knit on, Women of Nodaway county. The scarfs and sweaters which you are making are dull gray in color, but through the coarse textures and homely hues, there run golden threads of love and service and patriotism. These threads have glorified your task, and made it worthy of high and low alike.

Mrs. L. T. McGill and daughter, Elizabeth, of Wichita, Kan., who have been visiting Mrs. McGill's parents, the Rev. and Mrs. W. F. Burris, for several months, left yesterday for their home.



Clothes
That Satisfy

You men are not satisfied with cheapness. If you were you'd be wearing denim trousers and canvas coats; and you wouldn't worry at all about the quality.

You want quality, the highest kind of quality; you'll get it here—guaranteed.

We'll guarantee you complete satisfaction with everything you buy at this store.

You'll get Hart, Schaffner & Marx all-wool clothes. You'll like the style; you'll like the fit; you'll like the price. You'll be completely satisfied.

Any Firestone dealer will show you a cross section and point out the new mileage features in

Firestone

FABRIC TIRES

No. 1—The Tough, Thick Tread

Many more miles of resistance against the friction of the road.

No. 2—More Cushion Stock

More pure rubber between fabric and tread to save the body of the tire from shocks and bruises and to increase the resiliency.

No. 3—More Rubber Between Layers

Separating the plies of fabric by an elastic wall which allows free play without friction.

No. 4—Reinforcement in Bead and Side Wall

Greatly increases the strength at the junction of tire and rim, and raises the point of "bending" to the widest part of the tire. This one feature alone adds miles to the service of the tire. Wherever Firestones are for sale you can see this section of tire and gain an inside knowledge that will teach you to buy "Most Miles per Dollar." EXTRA MILEAGE AT NO EXTRA COST.

WORLD SHORTAGE OF FOOD A GRAVE PROBLEM FOR U. S.

FEDERAL FOOD ADMINISTRATOR MUMFORD IS GIVEN FACTS OF CRISIS.

SUPPLY OF WHEAT, MEATS, FATS AND SUGAR ARE LOW

Timely Suggestions for Saving in Kitchen and on Table Are Prepared—Save the Food for the Fighters.

Dr. F. B. Mumford, Missouri's new Food Administrator, appointed by U. S. Food Administrator Herbert Hoover, and who has charge of the Family Food Enrollment Campaign in Missouri, Oct. 28-Nov. 4, returned from Washington this week where in consultation with government officials he was given first hand facts on the appalling world food shortage.

"There is a world shortage in those very things necessary to keep up our armies abroad," said Food Administrator Mumford, "and whether we will or no, the necessity is such that we must assist in feeding the armies of our allies, and help maintain their peoples. With the fourth winter of the war coming on, the people of the Allied countries face the most trying ordeal of the awful struggle. If they are to emerge from this suffering, some self-denial must be made by us. If they are finally broken, untold sufferings and appalling casualties will befall our armies."

The commodities of which the world shortage is the greatest are wheat, meats, fats, and sugar. The food problem with us, then, is how may we economize in their use, and how intelligently substitute for them. Here are some suggestions prepared by the federal food experts at Washington. Cut out the list and pass it about the members of your family.

Wheat—Eat one wheatless meal a day, substituting corn bread, or other cereal. Substitute bread made of wheat flour and from 10 to 25 per cent of other cereal products, as peanut flour, soy-bean flour, or with potato or sweet potato. Use other cereal breads, such as rye, corn, oatmeal, kaffir and buckwheat bread. Waste no stale bread, utilizing it for quick breads, yeast breads, scalloped vegetables and puddings and deserts. Cut the loaf on thetable. Eat more potatoes and other vegetables. Omit wheat breakfast cereals. Serve smaller muffins and rolls.

Meats—Use larger local supply of animal foods, such as poultry and eggs, game in season, fish, skim milk, and cottage cheese. Add to this food good portions of peas, beans, peanuts, cereals, and nuts. Use left over meats in vegetable soups, stews, goulashes, gravies, creamed meats and chowders.

Fats—Avoid frying; boil the food. Cut down the consumption of fats one-third ounce per day for each individual. Render trimmings from beef, pork, mutton and fowl, and use for cooking. If there is a substantial surplus make it into soap. Cut down the consumption of cream. Use fruit ices, rather than ice cream. Serve smaller portions of butter. Eat all fats served with meats.

Sugar—Reduce the use of cakes and candies and avoid making cake frostings. Use little or no sugar on breakfast cereals. Reduce the use of soft drinks and lemonades which contain much sugar. Use food recipes that require small amounts of sugar. Use sirups, as corn sirup, apple sirup, molasses, sorghum and honey, to replace the ordinary cane or beet sugar. Use more fruits, both fresh and dried, to give the desired sweet flavor to the diet.

Timorous Lover.

A woman went into a store for a pair of slippers. She asked the shop assistant to get her a pair about size 10, and she wanted them squeaky.

"They are for my father," she added.

"Squeaky, miss? I'm afraid we have not got any of that kind."

"Couldn't you make him a pair of squeaky ones?" asked the young woman. "There is a young man who visits me frequently, and it would be very convenient for him to know just when pa is coming downstairs."

See, Honesty Does Pay.

Parkersburg, W. Va.—Theodore Vankirk found a package containing $5,000 in the street near his home. On investigation he learned that the package had dropped from an express wagon and belonged to a man in Baltimore. When he took the money bundle to the express office he was rewarded with 25 cents for his honesty.

AWARDED ONE CENT DAMAGES.

Jesse Croy Gets Verdict Against Leonard Lynch in Rental Case.

One cent damages for the plaintiff and costs in the case divided 50-50 was the result of a trial in Justice W. L. Johnson's court yesterday when Leonard Lynch brought suit against Jesse Croy to collect $20 rent on a tract of ground lying west of the city. The plaintiff charged that Croy was to have paid the rental by moving a windmill to the place and maintaining it, but that the act was not performed. Croy insisted that he had done it and sued on a cross bill for $27.60. Lynch announced he would take an appeal from the decision of the jury which was composed of O. W. Swinford, J. H. Thorp, C. B. Yeo, Henry Kelly, Logan Phipps and John Vert.

Bulgaria Will Hold Hers—Maybe.

Berlin.—The reichstag resolution demanding peace without annexations and indemnities is bitterly resented in Bulgaria and threatens to lead to a breach between that country and the central powers.

"No matter what Germany and Austria-Hungary may do, the Bulgarians are going to keep all territories conquered by them," says the Sofia correspondent of the Lokalanzeiger.

"I have interviewed a number of the leading statesmen and politicians and found them all extremely indignant over the action of the reichstag. They regard the peace resolution as a breach of faith and insist that the compact made when their country entered the war be kept.

"Without exception, they declared that Bulgaria was solemnly promised all Serbian districts inhabited by Bulgarians, together with the Dobrudja, and that their armies will not evacuate these territories at a command from Berlin and Vienna. Premier Radoslavoff has expressed himself in a simliar manner."

Meatless Days on Diners.

Portland, Ore.—Meatless meals on Mondays and Fridays are now served on the dining cars of the Spokane, Portland and Seattle railroad, a part of the Hill system. In addition, chefs have been cautioned to waste as little food as possible. Passengers are handed small suggestion cards indicating ways by which waste may be cut down. All this comes as the result of an appeal from the food administration at Washington, the railroad officials announce.

Superintendent Wilson spoke on "Significant Education," in which he reminded the teachers that one of the lessons of the war had been efficient preparation for the great things in life, both morally, physically and mentally. His address was listened to with much attention.

WAS AMONG FIRST TO LAND

Former Normal Student Writes Interesting Letter From France—Hopes To Finish School.

The following letter to Geo. Palfreyman, of the Normal is from William M. Todd, of Albany, a former student and member of the base ball team last year. Young Todd enlisted last April.

France, Oct. 6, 1917.

Prof. Geo. Palfreyman, Maryville, Mo.

Dear Prof.—I believe I promised to drop you a line when I left, but I have neglected to do so until now. I will try and scribble you a few lines between acts tonight and if they are not appreciated—don't blame me. The censor is so strict that it will be impossible for me to tell you much about what we are doing.

I was among the first who landed in France. What I haven't seen would not be worth telling. We had a nice trip across and I wasn't "a bit" sick. Some of the boys succeeded in feeding the fishes though.

I have seen much since I left and if I ever get back I will have lots to tell. Of course you read everyday in the papers about the "Sammies" in France but that is not worth much.

I see by the papers that several of the boys have been drafted, ha. I hope that they all get a shot at it for they would not come when I did, so I want compensation. I have not regretted one minute since I have been in the army. Tell the boys when I get back I will be a man and will be hard to beat on the 100-yard dash. I saw Joe Loomis some time ago and he sure is some "stepper."

How are the athletics at the Normal this fall? Have the boys been playing football yet and have they won any games? Did the baseball team succeed in beating Tarkio, the game they played there after I left? I hope they did, for those guys needed one real "walloping" by the Normal boys. Be sure and have as good a basketball team this year as you had last year.

It is raining "to beat the band" here tonight. I think we will all be floating around by morning. We don't do that though—in fact we have grown use to it.

Be sure and tell all hello and that I would appreciate a line from all of them. If I get back I am going on through school.

I would like to tell you more about "Sunny France" but it is impossible so I have just about run out of anything to say, but will try to write more next time. Tell all hello.

Yours Respectfully,
WILLIAM M. TODD.
Hq. Co., 16th Inf., Am. Ex. Force,
Paris, France.

P. S.—I do not believe I drill like I did when you were drilling me. I think I can hold the pivot now.

OBSERVE ALL SAINTS DAY

Special Services Were Held At Both St. Patrick's and St. Mary's—Forty Hours' Devotion Ends.

Special services were held today at St. Mary's and St. Patrick's Catholic churches in observance of All Saint's day. Masses at St. Mary's church were held at 7 and 9 o'clock this morning. The 9 o'clock mass also closed the Forty-hour devotions which started Tuesday morning. Special services will be held at the cemetery this afternoon.

Masses at St. Patrick's church were said at 7 and 10 o'clock and tonight there will be Benediction and close of the Rosary devotions for the month of October.

Mr. and Mrs. Walter Cochran and son of Burlington Junction, are in Maryville today.

NEGROES REACH FUNSTON

Colored Troops Come Singing, Cheering and Playing Instruments—Brought Razors Along.

Camp Funston, Kans., Nov. 1. —Cheering, singing and playing instruments that range from a bass horn to a harmonica, hundreds of negro drafted men from Missouri and six other states are arriving on every train at the national cantonment camp here.

Many had razors in sheaths at their hips and declared they "didn't need no other weapon fo' dem Germans."

Even pessimists who predicted evil with the coming of the negroes are admitting that thus far the new comers have shown more comedy, pep and enthusiasm than any arriving contingent.

One big black from Macon, Mo., fully 6 feet 6 inches tall wore a bright red minstrel uniform and proudly led his quota up to the receiving station.

PUT TAX ON TELEGRAMS, TOO

Five Cents Muse be Paid on Every Wire Originating in the United States —Use No Stamps.

The Western Union Telegraph company has issued the following statement:

"Effective Nov. 1, a tax of 5 cents is payable on every telegram or cablegram originating in the United States. This tax must be paid by the person paying for the message, that is to say, when the message is paid for by the sender, the sender pays the tax, and when it is a collect message the addressee pays the tax. The law charges the telegraph company with the duty of collecting the tax, in addition to the ordinary tolls and of accounting for it to the government.

"The tax on telegrams is not a stamp tax. Revenue stamps should not be attached to telegrams, nor can such stamps be accepted in payment of the tax."

Bazaar At Skidmore.

The Ladies' Aid society of the North Methodist church at Skidmore, held their annual bazaar and dinner yesterday in the church basement. An entertainment was given last night by the young people of the church.

Woodlawn Guests.

Mr. and Mrs. Elihu Carter and sons, Logan and Wilson, Mr. and Mrs. John Yates, Mr. and Mrs. W. H. Davenport, and their guest, Mrs. Harriet Davenport of Chicago, Miss May Doran, Miss Edna Davenport, Miss Ada Hawkins and Mr. Decker of Knobnoster, were Sunday dinner guests of Mr. and Mrs. W. A. White.

Skidmore School Has Series of Parties.

A series of Hallowe'en parties were given yesterday at the Skidmore public schools. The children of the third and fourth grades surprised their teacher with a basket dinner at the noon hour. The children succeeded in sending Miss Linville out of the room for a short time, and on her return she found a feast had been prepared. The school room had been darkened and grinning jack-o-lanterns with burning candles inside lightened the room. The walls were also prettily decorated. The pupils of the first and second grade also surprised their teacher, Miss Ethel Porter in a similar manner. The pupils of the fifth and sixth grades also enjoyed a Hallowe'en party.

Hallowe'en Party For Protzman Children.

Mr. and Mrs. Raymond Protzman entertained a number of little folk at a Hallowe'en party yesterday afternoon for their son, Joe Willis and daughter, Florence Alice. Mrs. Protzman was assisted in entertaining by Mrs. Lou Yeo. Hallowe'en decorations were effectively used in the parlors and dining room. Dainty refreshments were served to the following guests: Elizabeth Hull, Stella May Roberts, Gladys Bartram, Mildred Sheridan, Emma May Yeo, Beverly Martin, Laura Louise Thompson, Marguerite Thompson, Rachel England, Mary Elizabeth Seleeman, Mary Donna Malotte, Burdette Yeo, Loren Yeo, Envoy and Ivan Brewer, Homer Gile, Irvin J. Bartram and Jack Yeo.

Party for Little Daughters.

Mrs. W. H. Gilbert and Mrs. Lillie E. Martin entertained with a Hallowe'en party last night at their home on North Main street in honor of their little daughters, Lois Gilbert and Emily Martin. They were assisted in entertaining by Mrs. Charley Jensen. Mrs. Gilbert took the little girls to visit some of their little friends, and on their return they were very much surprised to find a number of tiny little ghosts in the room. The evening was spent playing games and toasting marshmallows. Light refreshments were served. The rooms were decorated with black cats, bats and owls. The guests were. Mildred and Joe Wiles, Augusta Edwards Ruth and Mildred Jensen and Ruth Hammond.

Schoolhouse Scene of Hallowe'en Party.

The Elm Grove school, north of Maryville ,gave a delightful Hallowe'en party Wednesday night. Their guests were the pupils of the Bell Grove school and the young folks of that district. The schoolroom was beautifully decorated with autumn leaves, black cats, and witches. In the receiving line mysterious ghosts greeted the guests, who were then conducted to the fortune teller where they heard the story of their future. Various games and victrola music furnished amusement for the rest of the evening. Dainty refreshments were served to all. Miss Maude Whitehead is the teacher of Elm Grove school, and her sister, Miss Eva Whitehead teaches the Bell Grove school.

Afternoon in the Country.

The members of the Ladies' Aid society of the South Methodist church enjoyed a rare treat yesterday afternoon in a wagon ride to the country home of Mrs. John Rickman, where Mrs. Rickman and Mrs. F. C. Kelley were hostesses. Devotional services were led by Mrs. M. E. Farrar, followed by prayer by Mrs. N. F. Humber. Plans were made to serve lunch at the J. J. Pyles sale Friday, November 16. Twenty-nine members and two visitors were present at yesterday's meeting. The visitors were. Mrs. Anna Perle, who is the guest of her granddaughter, Mrs. R. C. Holliday, and Mrs. S. A. Faubion, who is the guest of her daughter, Mrs. E. W. Willoughby. The social hour was very much enjoyed by all present. A two-course luncheon was served by the hostesses. It was in a very reluctant manner the women filed into the wagon to return to Maryville after an afternoon in the country.

Hallowe'en Party.

Miss Cleota Graham entertained at a Hallowe'en party last night at her home on East Fourteenth street. She was assisted in entertaining by Mrs. R. N. Black and Miss Eula Woodard. The house was beautifully decorated with black cats, witches, laughing jack-o-lanterns and autumn leaves. In one corner of the room was a booth decorated with corn fodder, and here dwelt the fortune teller, who gave each guest a peep into the future. Games and music furnished amusement for the crowd and at the usual hour a delicious supper was served consisting of doughnuts, pumpkin pie, pickles and cider. Those present were: Mrs. R. N. Black, Mr. and Mrs. Woodard, Jessie and Lula Belle Demott, Jessie Stafford, Eva McMann, Lura West, Claude Hornbuckle, Guy and Leland McKee, Thelma and Gladys Culverson, Sylvia and Blanche Frazee, Stanley Houston, Bessie Graves, Amelia Butherus, Alfred Crane, Eula Woodard, Eldon Cockrell and the hostess.

Country Club Party.

Mr. and Mrs. J. J. Knabb entertained the Country club at a Hallowe'en party last night at their country home west of Maryville. The Hallowe'en scenes were made more witch-like by various masks and costumes worn by the guests. Miss Wilma Hall, the fortune teller disclosed the great events of the future for each one present. An elaborate lunch was served by the hostess, assisted by Mrs. T. M. Trullinger, Mrs. O. J. Willhoyte and Mrs. F. P. Hall. Those present were: Mr. and Mrs. J. C. White, Mr. and Mrs. T. M. Trullinger, Mr. and Mrs. Robert Noakes, Mr. and Mrs. E. B. Trullinger, Mr. and Mrs. Ernest Willhoyte, Mr. and Mrs. William Job Jr., and children, Raymond and Helen Marjorie, Mr. and Mrs. Arch Willhoyte and daughter, Roberta, Mr. and Mrs. William Job Sr., Mr. and Mrs. F. P. Hall and little daughter, Vivian, Mr. and Mrs. O. J. Willhoyte, Mrs. O. L. Shell, Misses Wilma Hall, Alta Doyle, Carrie and Mary Bean, Maude and Babe Davidson, Clydell White, Leora Willhoyte, Edna Miller; Welby Nicholas, Bert Jamison, John Quinn, Harley Jones, Robert Noakes Jr., Eldon Job, Amos Shell and Frank Piece.

IT WAS SO SUDDEN

By ELLIOTT FLOWER.

It came to her as an inspiration. He had taken a seat at a distance of about six feet from her, as was his invariable custom when he called, and his innate bashfulness and diffidence had made his conversation just about as uninteresting as usual. "Are you at all interested in the subject of hypnotism?" she asked.

"No," he replied. "I never have given it a thought."

"But you should," she said.

"But I don't know how to try it," he returned regretfully.

"Oh, I can show you that," she said. "You take something bright—a piece of silver or anything like that—and hold it directly in front of the subject's eyes. Then you tell him to concentrate his gaze and thought on that bright object, while you concentrate your thoughts on subjugating his will to yours. I'm sure a man of your force of character and intensity of purpose would soon be in complete control of the subject. You might try it with me and see if you understand."

Of course he was quite ready to make an experiment. Slowly he withdrew the silver piece, but she made no motion to indicate that she was conscious of any change.

"Martha!" he said in some alarm.

She went to him without a word.

"Sit down beside me," he said, "and give me your hand.

"Rest your head on my shoulder," he commanded.

"Talk about rapture!" he muttered. His heart was beating like a trip-hammer, but for ten minutes he sat there without moving. Then he heaved a deep, happy sigh and asked himself: "What would the world do without hypnotism?"

He had been looking that matter up and had discovered that he had overlooked a most important test. The experiment was more protracted on this occasion, but it failed to bring him any nearer the goal of his desire—and hers. To have a hypnotized girl was a decided luxury in its way, but it did not give him the courage he needed when she was in her right consciousness.

The third evening she protested.

"What do you do when I am under the influence of your will?" she demanded.

"I—why, —I that is, I don't do anything," he answered, but if ever falsehood showed in a man's face, it did in his when he said: "I—I simply make you do various things to demonstrate my control over your will and actions."

"I'd like to know what they are," she insisted. "Suppose you just pretend I am hypnotized and tell me what to do. I'll promise to do it just as I would in my irresponsible state. I want to learn the nature of your experiments."

"But—but that wouldn't demonstrate anything," he argued.

Foolish man! It would have demonstrated more than all his hypnotic experiments combined.

"Oh, well," she said resignedly, "if it is of any intellectual or other advantage to you, go ahead. But really I think it would be ever so much better if I were conscious of what was happening; don't you?"

He winced, and his face fairly burned. In fact, he was so disconcerted that he failed to notice the gleam of triumph in her eyes as he began his usual experiments. If he had, possibly he would have been better prepared for what happened when it was over. He had scarcely, as he thought, removed the spell, when she suddenly exclaimed: "Why, what's that on your coat?" A moment later, after a hasty and interested inspection, she added: "Why—why, it's face powder; and there's some on your mustache, too, Percy Wallingford! I demand to know what you make me do when I am thus placed in your power! It is my right, sir, and I demand an explanation. What advantage have you taken of my poor, weak will?"

What could he say? What could he do? Clearly nothing but make a clean breast of the whole affair. He hesitated and stammered, grew red and then white, and finally, driven to desperation, blurted out. "Forgive me, Martha, but I—I love you. I did make you put the powder there, but it was because I—that is, I want you to marry me."

"Oh, Percy!" she cried, "this is so sudden!"

(Copyright, 1917, by W. G. Chapman.)

MANY GET HUNTERS PERMIT

As Many Licenses Are Issued in October As Were Given During All the Rest of the Year.

Whether game hunting this year is better than in former years is a matter of speculation. Judging by the number of hunter's licenses issued by the county clerk's office it is better. For the month of October 171 licenses have been paid for by local nimrods, being more than half as many as have been issued for the entire year. Not all of those to whom licenses are issued are habitual hunters, for as one applicant expressed it this morning when asking for a permit "I may go hunting sometime this winter and I expect I'd better have a permit, for the game warden might happen to be about."

Community Week

November 1st to 8th

THIS is Community Plate Silverware Week—a nation wide movement in which all dealers in this famous Plate Silverware are to co-operate.

We have assembled very extensive assortments of the various designs for this occasion and now have them on display for your inspection. The Community Plate—guaranteed for fifty years of service; The Reliance Plate—guaranteed for twenty-five years of service; And The Par Plate—guaranteed for ten years of service are all on display in the center aisle.

It is not necessary for us to go into detail in explanation of this silverware of world fame—but we will merely announce to you that we now have a complete showing.

Advances are expected on this silverware soon and if you anticipate a purchase now or for the holidays our advice is to make your selections at once.

Steal Foodstuffs From the Government

Special to The Democrat-Forum.

Chicago, Nov. 1.—Following a theft of foodstuffs worth $50,000 from the Great Lakes training station five civilians are under arrest today and others are sought. Anton Dubreck, a garbage contractor with the connivance of H. L. Thorner, charges George Bowen and C. B. Molnari took the food to the farm of Phillip Lewandowski, where it was stored and later sold.

Call Adair County Doctors.

Sedalia, Mo., Nov. 1. — The Adair County Medical Association will meet here today in the office of the president, Dr. E. C. Callison to discuss sending eight doctors of the county to serve in the United States Medical Corps.

Mathers Funeral Service.

Funeral services for "Uncle Billy" Mathers, who died at 8:30 o'clock yesterday morning at his home near Barnard will be held at 11 o'clock Friday morning at the North Methodist church, in Barnard, conducted by the Rev. Mr. Olson. Burial will be in the Barnard cemetery.

Jennings Jackson, son of G. W. Jackson of this city, who has been stationed at Charlotte, N. C., with the regular army, is now in camp at Long Island, N. Y.

Miss Lucy Davis returned this morning from a three weeks' visit in St. Joseph, Trimble and Kansas City.

John Campbell of Hopkins is in Maryville on business today.

THE NEXT CONGRESS MAY LAST A YEAR

The Members Will be Confronted with An Enormous Amount of Legislative Business Due to War.

Washington, Nov. 1.—It is probable that the next session of Congress will continue for a year. Members of both houses expect when they return in December that they will remain here all through 1918.

Even though the war continues with unabated fury, the next session is expected to be radically different from the one just closed. For in the extra session which the president called for March 4 practically no legislation was dealt with, save that concerning the war. General legislation was utterly sidetracked to make way for the great war bills.

This will not be the situation in the session beginning in December. There will be much war work, it is true, for undoubtedly more extensive preparations must be made and even huger sums of money may be raised by bonds and by taxation. But the usual enormous appropriation bills—"permanents," as they are called—must be handled. And these will take up a large part of the autumn and winter months.

Besides, there are important bills delayed from the session recently ended. The "Soldiers' Civil Rights" bill, which prevents suit against American fighters for debt, must be taken up and discussed. The Webb bill, which allows American manufacturers to pool their interests abroad after the war, has not been passed, although the administration is determinedly back of it.

The food administration, the shipping board and the council of national defense will probably ask for legislation of various kinds.

Senators and congressmen say while they are more than willing to do all possible to help American arms to victory, yet they propose to scrutinize carefully all expenditures. So consideration of the appropriation bills will take time.

In this connection the fight for a congressional committee to aid the administration in conducting the war will be renewed. Due to pressure by the administration this scheme was shelved at the last session. But Senator Weeks of Massachusetts and Representative Madden of Illinois, both declare they will bring up the issue again.

DIRE DISTRESS.

It Is Near at Hand to Hundreds of Maryville Readers.

Don't neglect an aching back.

Backache is often the kidney's cry for help.

Neglect hurrying to the kidneys' aid means that urinary troubles may follow.

Or danger of worse kidney trouble.

Here's a Maryville testimony.

H. C. Cornett, painter and paper hanger, 805 North Buchanan street, Maryville, says: "In my work I have a great deal of reaching and standing to do and I was greatly handicapped as my back hurt me severely across my kidneys. I couldn't bend or lift without pain. My kidneys acted too frequently, breaking my rest at night and leaving me all tired out in the morning. I used Doan's Kidney Pills with great benefit."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cornett had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

A. C. and Grace Pettigrew of Ravenwood were guests Sunday of their parents, Mr. and Mrs. R. J. Pettigrew of Maryville.

Are You Looking For This

Good land at a low price in the Sunny Uplands of Louisiana; land that can be made to produce more, and at less expense than the highest priced land in the North; land in an ideal climate where Winters are like Spring and Summers are cooled by the delightful Gulf Breezes; long growing seasons; Corn, Cotton, Winter Oats, Cattle, Hogs, Chickens, Delicious Fruits, Potatoes, Sweet Potatoes, Peanuts, Beans, early and late Garden Truck, Strawberries, etc., etc.—an immense variety of products including practically all grown in the North and many besides. Low priced land near good, live towns and cities, with railroads running North and South, East and West; land having splendid possibilities for oil and located less than 100 miles from several of the largest oil refineries in the world. We have already sold more than 45,000 acres of this land. Price $20 to $30 per acre, the last named price being for a few partially improved farms; easy terms. Write us for full information, or come and see us; excursion rates; American Farm Land Company, DeRidder, Louisiana.

BYRON CROY IS HOMESICK

Up in Wyoming Where the Winds Blow Up and Down, He Longs For the Dandelions and Jim Malcome's Yarns.

Byron Croy of Rocky Point, Wyo., a former resident of this city has written as follows about that country:

Regularity Lafe Stamper,
Best Town on Earth,
Route 6, Missouri.
Dear Friends and Old Scout:

Getting your letter was just like walking around the square and counting the Fords. It makes me homesick to see the dandelions in bloom and hear Jim Malcome tell th elatest yarn and finish up with an oily chuckle just as he is giving the finishing stroke to a polish. Jim's stories and shines always come out together and his story is worth the price whether you need a shine or not.

I have been figuring on writing you a forty-two centimeter, rapid fire, shell strewn, bomb proof, voluptious aeronautis birds eye view of this country, about the war and how to run the government, but I guess that the exemption board has done it all for me and I have nothing left to do but suck my thumb and watch the sheep graze by.

If the government needs my services I will join the pension rolls or volunteer criticism of the exemption board, and I am as well qualified for one as the other. Patriotism is the strongest emotion in my body today. I am giving up all my time to raising dollar wool so that our dear boys in the trenches may be warmly clad and burning up a needless quantity of tobacco so that our government may have the revenue.

The rainfall since June has been very light, but with all of that the crops are very good and the range was much better than last year and most of the two-year-olds were fat enough to ship this fall.

The lightning flats valley certainly did her bit toward feeding a war-ridden and starving Europe this year.

We experienced quite a bit of difficulty in obtaining cars to ship in this section. We had to hold our stuff about a month until the railroad found some cars. At one time there were something over thirty thousand head of stock waiting at Moorcroft for cars. That was enough meat to give the fourth ward and Moon Stinson a square meal.

Give my regards to all the boys and tell them that they should come out to this God forsaken land of opportunity, where the wind blows straight up and down and doubles the dose on Sundays.

Yours for saddle horse farming in the free and open.

BYRON CROY.

A Woman's Happiness
Depends Upon Care

Joy in its supremest mood thrills in the ecstacy of motherhood. The expectant mother pictures a miniature of self and soul, and her thoughts console her for the days of suspense. For over three generations, thousands of women have used the tried and well-known preparation, "Mother's Friend". By its daily use the muscles which nature is expanding relax easily; when baby is born strain is relieved. Tendency to morning sickness or nausea is counteracted and the inflammation of breast glands is soothed; they are kept in good condition, and the time before baby comes is full of quiet repose and joyful anticipation. This makes greatly for the health of the mother and for the future good nature of the coming child.

Write the Bradfield Regulator Co., Dept. G, 200 Lamar Building, Atlanta, Ga., for their helpful and very interesting book, "Motherhood and the Baby". They will send it to you without charge. Your druggist will supply you with "Mother's Friend". It is a mistake to go a single night without using it for the preparation is truly wonderful and its use makes it possible for you yourself to do your share in aiding nature in its difficult task. By doing so pain and danger at crisis is avoided.

NEW WAR TAXES ON

LUXURIES AND NECESSITIES INCLUDED IN NEW LEVIES.

LIVING COSTS HIGHER

All of the New Taxes Effective Tomorrow are of Character to Fall on the Average Man.

By Robert B. Smith
International News Service Staff Correspondent.

Washington, Nov. 1. — Beginning today, the American public must individually dig down in its jeans and pay additional war taxes, expected to yield $218,000,000 annually. The new levies going into effect tomorrow are a part of those imposed by the $2,535,000,000 war revenue law enacted by Congress in the closing days of the past session.

All of the new taxes are of a character to fall upon the average man. They will have nothing to do with the "conscription of wealth." They are a part of the program of taxation to make each man, woman and child in the United States feel a direct personal part in the war. They apply to freight, passenger and express transportation, pipe lines, Pullman seats and berths, telegraph and telephone messages, insurance policies, admissions to theatres and "movies" and to club dues. The effect of most of them will be felt, therefore, in a slight rise in the high cost of living.

The taxes effective at midnight tonight are expected to net the Federal Government the following revenues:

Freight transportation	$77,500,000
Express transportation	10,000,000
Passenger transportation	60,000,000
Pipe lines	4,500,000
Seats and berths	4,000,000
Telegraph and telephone messages	7,000,000
Insurance policies	5,000,000
Club dues	1,500,000
Admissions	50,000,000

The war tax on facilities furnished by public utilities will be levied as follows:

Three per cent of the amount paid for transportation by rail or water or by any form of mechanical motor power in competition with carriers by rail or water, on freight consigned from one point in the United States to another.

One cent for each twenty cents or fraction charged by express companies for transportation from one point in the United States to another.

Eight per cent of the amount paid for the transportation of persons by rail or water or by any form of mechanical motor power on a regular established line in competition with common carriers, from one point in the United States, to any point in the United States, Canada or Mexico where the ticket is issued in the United States. No tax is imposed on communication or season tickets for trips less than thirty miles, or in cases where the fare does not exceed thirty-five cents.

Ten per cent of the amount paid for seats, berths or staterooms.

If a mileage book used for transportation or accommodation is purchased prior to November 1, 1917, or if cash fare is paid, the conductor or agent collecting the fare is required to collect the tax. A ticket purchased before November 1, 1917, shall not be taxed if partially used, but otherwise it will not be valid until it bears evidence that the tax has been paid.

Five per cent on the amount paid for the transportation of oil by pipe line.

Five cents for each telegraph, telephone or radio dispatch originating in the United States where the charge is fifteen cents or more.

The foregoing taxes are to be paid by the persons paying for the services or facilities rendered. A carrier making no charge for transporting a commodity because of its ownership thereof, or for any other reason, is required to pay a fax equivalent to the amount which would be imposed if it received payment, except in the case of commodities which are necessary for its use in the conduct of its business or the business of another line constituting a part of the same railroad system. Service rendered to the Federal and State Governments is exempt from taxation. Persons collecting these taxes are required to make monthly returns and monthly payments to the Federal Government.

The new levies upon insurance will take effect in the following manner:

On life insurance, eight cents on each $100 or fraction of the amount of the policy, except industrial insurance policies not in excess of $500 issued on the weekly payment plan, in which case the tax is forty per cent of the first weekly premium. Policies of re-insurance are exempt.

On marine, inland and fire insurance, one cent on each dollar or fraction of the premium charged under each policy, including renewals, but not including policies of re-insurance.

Casualty insurance, one cent on each dollar or fraction of the premium charged under each policy (except indemnity and surety bonds, which are taxable under another title of the bill) including renewals, but not including re-insurance policies.

Policies issued by any corporation exempt from the income tax are exempt from this tax.

The person, partnership or association issuing such policies of insurance is required to make monthly returns and monthly payments to the Government.

Save your pennies tomorrow and have them ready when you go to the ticket window of the corner movie For every ten cents or fraction thereof you spend on the movies you must be ready to turn over to the Government one cent. Of course, the movie proprietor may save you the inconvenience of handling pennies by raising his admission price a nickel, as many other persons selling goods affected by the war tax have already done.

Here is the way the admission tax and the club dues levies will fall upon the public:

One cent on each ten cents or fraction of the amount paid for admission to any place, including admission by season ticket or subscription, to be paid by the person paying for such admission, except in the case of children under twelve, where the tax in every case is one cent. Persons admitted free pay the tax on the basis of the charge made to other persons of the same class, except employes, municipal officers on official business and children under twelve. Where the charge for admission to a cabaret or similar entertainment is wholly or in part included in the price paid for refreshment, service or merchandise, the amount paid is to be computed under regulations to be prescribed by the Treasury Department.

In the case of persons having the permanent use of boxes or seats, or a lease thereon, the tax is equivalent to 10 per cent of the amount for which a similar box or seat is sold for the performance or exhibition at which the box or seat is used or reserved by or for the lessee or holder.

These taxes are not to be imposed in the case of a place where the maximum charge for admission is five cents or for shows, rides or other amusements in outdoor general amusement parks where the admission is ten cents or in the case of shows, rides or other amusements, (the maximum charge for admission to which is ten cents) within outdoor general amusement parks, or in the case of admissions to such parks. Where the proceeds inure exclusively to the benefit of religious, educational or charitable societies or organizations, and in the case of admissions to agricultural fairs, no tax shall be levied, provided none of the proceeds are distributed to stockholders or members of the association.

A tax of ten per cent is imposed on the amount paid as dues or membership fees, including initiation fees, to any social, athletic or sporting club where such dues or fees are in excess of $12 per year, such tax to be paid by the person paying the dues or fees. Dues or fees paid to fraternal or beneficiary societies, orders or associations operated on the lodge system are exempt.

Those collecting admission dues or fees are required to collect the tax and make monthly returns and payments to the Government.

Mr. and Mrs. Walter Phillips of St. Joseph will hold services at Bedison Saturday and Sunday night. 31-2

Dr. and Mrs. James Felix and daughter, Helen Dorothy, spent Sunday in St. Joseph with Mrs. Felix's parents, Mr. and Mrs. John Perkins.

Miss Mayme Crawford of Spickard, Mo., arrived Monday to take the teachers' training course of five weeks at the Conservatory of Music.

To Any Woman—For $1

This Big Aluminum Cereal Cooker

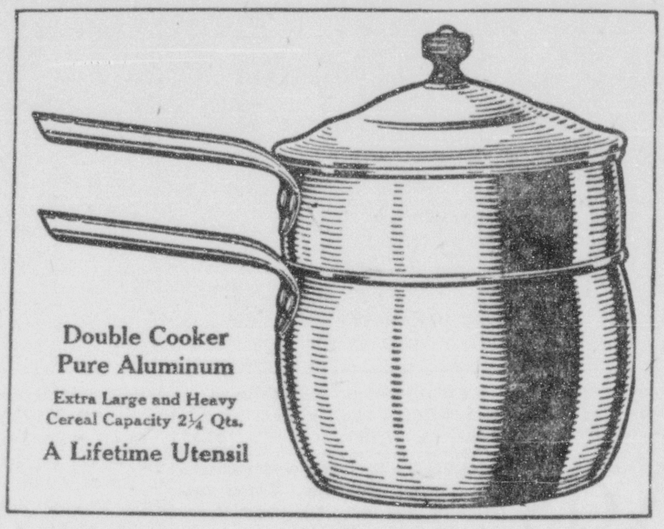
We make this One-Week Offer to Housewives here who have not had this Cooker. The cost of Aluminum has doubled. Cooker prices have enormously advanced. But, in fairness to those who missed it last year, we repeat this Dollar Offer

Cookers Supplied To a Million Homes

We have supplied Quaker Cookers to a million homes at very little prices. But the cost has advanced until our offer is almost impossible.

But grocers tell us that many housewives missed our former offer. They are using Quaker Oats and Pettijohn's, and they want this Aluminum Cooker. In fairness, they should have it.

So we renew this offer for next week only. It applies only to housewives whom we have not supplied already. It applies only to users of Quaker Oats or Pettijohn's, or both. It means twice as much as this Dollar Offer meant two years ago. Get this Cooker next week if you are entitled to it. You owe that to yourself.



Double Cooker
Pure Aluminum
Extra Large and Heavy
Cereal Capacity 2¼ Qts.
A Lifetime Utensil

To Rightly Cook Two Famous Dishes

We want every user of Quaker Oats and Pettijohn's to cook these cereals rightly. Right cooking makes them doubly delightful. It keeps the flavor intact. It makes them easy to digest.

This Aluminum Cooker has been made to order to meet exact requirements. It is extra large, so little or much can be cooked in it. It is extra heavy, made to last a lifetime.

This Cooker will next week cost you only $1, if you send us the trademarks we ask for. This is a costly offer. And we simply want to know, before sending the Cooker, that you are a Quaker Oats user.

This Offer One Week Only

Send us two trademarks (picture of Quaker) cut from packages of Quaker Oats. Also one trademark (picture of bear) cut from the front of one package of Pettijohn's. Or, if you prefer, send five trademarks from Quaker Oats alone. Send us $1 with these trademarks and we will mail the Cooker by parcel post. Trademarks must be mailed next week. This offer applies to this vicinity only. Address

The Quaker Oats Company, 1708 Railway Exchange, Chicago

Quaker Oats
Which Saves You 75%

Measured by food value, Quaker Oats costs one-fourth as much as the average mixed diet. So each dollar you spend for Quaker Oats saves an average of $3. Oats stand supreme among grain foods, in nutrition and in flavor. They form a complete food, supplying every need. As an energy food their fame is proverbial.

Make this the chief breakfast dish. Meat and eggs cost five and six times as much. Also use Quaker Oats in bread and muffins, pancakes and cookies. No other food is so economical.

Use Quaker Oats because of the matchless flavor. It is made of queen grains only—just the big, plump, luscious oats. We get but 10 pounds from a bushel. Yet it costs you no extra price.

Pettijohn's
The Laxative Luxury

Pettijohn's Breakfast Food is soft rolled wheat, hiding 25 per cent bran flakes. It is a flavory dainty of which no one ever tires. And it supplies the needed bran. Bran is Nature's laxative. Everybody needs it. Most folks would feel better if they ate it every day.

Fine foods clog the system. Bran supplies the needed roughage. Every doctor, as you know, urges its use, to avoid the need of drugs.

Try it one week. Note the good spirits which result. Never again will you return to a branless diet.

Pettijohn's Flour is another bran dainty. That is 75 per cent white patent flour and 25 per cent bran flakes. Use like Graham flour in any recipe. With these two products every meal can include some bran-made dainty.

ENTER THE WAR TIME CANDY

New Confection Uses Honey or Molasses Instead of Sugar—Meeting With Popular Favor.

Come now the war time candies.

The sugar shortage, coupled with the necessity for food conservation, has caused confectioners to work overtime devising a substitute to meet the emergencies of war.

New York confectioners believe they have solved the problem. The solution is the manufacture of candy in which honey, molasses or maple sugar is used instead of cane or beet sugar, and nuts, raisins or chocolate for the other ingredients.

A Kansas City woman, says the Star recently received a box of the candy from a friend in New York, and says it is just as palatable as sugar made candy. The new confection is meeting with popular favor in New York and manufacturers believe it will be universally adopted by candy makers throughout the United States.

RABBIT SEASON IS ON NOW

Local hunters are quite sure to make good money this fall and winter in hunting rabbits. Rabbits are going to play an important part in the food supply this winter. They are going to take the place of beef and pork, the prices for which are the highest on record. Rabbits, too, are going to sell for a high price. Over in Kansas, they are already selling for twenty-five cents a piece. It may be they will sell for that price here. A hunter with the least bit of ambition can go out and get fifteen or twenty rabbits in a day and he won't have to work over five or six hours either.

Rabbits are unusually plentiful this year in the county and just now are in fine condition for eating, but few have been offered for sale at the local shops. Squirrels, too, are plentiful.

DEMOCRAT-FORUM Classified Ads

ARE TWO PHASED

You have to lead a hermit life to get away from the almost daily need of Democrat-Forum Classified Advertising. For it's come to mean real service—to stand for short cuts in so many phases of daily life. Democrat-Forum Classified Ads do more odd jobs than all the odd job men in the city—greater errands than messenger boys—and make sales that cannot be made economically in any other way.

RATES IN THIS COLUMN

Classified ads running three days or more will be inserted in this column for one-half cent per word each insertion. No ads taken for less than 25c for three days.

Ads running less than three days or interrupted insertions, 1 cent per word each insertion.

Count the words; send money with the order. Ads should be in by 12 o'clock to insure insertion in this column same day.

These prices are for cash with order. An extra charge of five cents will be made on all want ads when cash does not accompany the order.

WHEN THE MOOSE CAME TO MARYVILLE, MISSOURI.

In all probability the above caption will be the correct manner in which to locate future events. Maryville lodge No. 899 will be the host and St. Joseph will be its guest on Friday evening, next. There will be between twenty and thirty in the party and they will be headed by the big installing team of our little village to the southward. Whatever there may be of rivalry between the two cities will be buried in the casket of Fraternity and we will give those St. Joseph folks ample reason to know that we are some on the entertainment proposition. There will be no "sich animal" as conservation of food on that evening as each member has promised to put a doughnut in his pocket with which to feed the starving bovines from St. Joseph. The banquet and celebration will be held in Woodmen Hall and it will be an occasion long to be remembered. 1

MUST NOT NEGLECT BRIDGES

County Engineers and Surveyors Are Instructed by State Highway Department in Road Work.

Inspectors sent out by the State Highway Department find one of the principal complaints against road overseers in nearly all counties is that they fail to properly construct and maintain approaches to bridges and culverts. Bridges and culverts are neglected to such an extent that they are often in a dangerous condition, and traffic is often required to slow up on account of misplaced planks and earth humps in the road. A runway or three or four planks wide across a bridge takes out the vibration and makes it more safe to cross with engines or heavy vehicles.

A little attention given to the approaches to bridges and culverts at the proper time will be more than paid for by the added safety and convenience of travel, and the favorable advertising of the road.

State Highway Engineer Alexander W. Graham has forwarded to all county highway engineers and surveyors in Missouri instructions for making surveys, maps and profiles for the construction of state roads, as provided by the Hawes road law. Counties, districts or persons interested are required to submit to the state department a survey of officially designated stateroads, subject to the approval of the State Highway Engineer. This booklet makes clear the requirements of the State Highway Department in these surveys, and should be given careful consideration by all county engineers and surveyors.

MANY AT BAPTIST REVIVAL

Dr. E. F. Wright, Conducting the Series of Meetings, An Able And Interesting Speaker.

Dr. E. F. Wright, who is conducting a series of meetings at the Baptist church preached last night on "Christ Must Be Lifted," to a large audience of interested listeners. Dr. Wright is one of the ablest speakers that has ever visited Maryville, the large crowds attesting his popularity.

This evening Dr. Wright's subject will be "Faith in Action." David M. Hughes, of Newport, Ky., who will conduct the singing is expected to arrive on Saturday and will train a large choir for the services that will follow next week.

Rev. T. H. Wiles, pastor of the church, together with the members extended a cordial invitation to hear Dr. Wright and enjoy the services which begin each evening during the week at 7:30 o'clock.

Farm Tractor Demonstration

WEST OF
Normal Athletic Field

Friday and Saturday
November 2 and 3

The TITAN Farm Tractor of the International Harvester Company will be demonstrated to the public.

Every farmer should see this Tractor work and learn how to reduce farming costs in plowing, discing, listing, etc.

Mr. P. G. Holden of the International Harvester Company who is considered the World's Greatest Corn Expert will lecture in the Normal School Auditorium at 8:00 o'clock Friday evening and 10:00 o'clock Saturday morning and will also hold a round table discussion at 1:30 o'clock Saturday afternoon.

War Making Machines

By DAVID M. CHURCH

Washington, Nov. 1.—Most inoffensive and unwarlike is the war machine which supplies the energy that makes the war move on—the Fuel Administration. Housed in one of Washington's fashionable old residences in the most exclusive section of the city, from the outside the Fuel Administration appears entirely unwarlike.

Within there are no evidences of war, with the exception that there are always many people waiting to see the Fuel Administrator, Dr. Garfield, and to talk war with him.

Through the wheels of this machine, however, there is the daily grinding which is turning out the fuel which runs the factories, which in turn send out the supplies, which again in turn make the war go on. If operations should suddenly cease in the unobtrusive residential war machine at Fuel Administration headquarters, it would not be long before the nation's war makers would have to stop their operations.

Dr. Harry A. Garfield, Fuel Administrator, erstwhile college professor, has built a war machine which would make a fine nesting place for the doves of peace. It is the most restful and peaceful of the many war making establishments in Washington. The hustle and bustle of other departments and bureaus is absolutely lacking in the Fuel Administration.

Perhaps it is the peaceful atmosphere of Williams College that has been transferred to Washington with Dr. Garfield, but any rate, he has made a noiseless war engine.

The Fuel Administration is the baby member of the war family in Washington. As an organization it is also the smallest of the war organizations. Less than a hundred people are employed by this important body, which supplies the fuel for the nation.

This is virtually a one man war machine. Dr. Garfield has not been surrounded with a large staff of experts. He has three assistants, all experts in their own line. Outside of these men the Fuel Administration is operated by clerks who work at the direction of Dr. Garfield and his assistants. The clerical staff is not large. There is no publicity organization and the machine does not require large appropriation for its use.

It is generally understood, however, that the hand at the lever of this machine is the same hand that runs the biggest war machine of all, the White House hand.
